

DANGEROUS GOODS INFORMATION

BAC Helicopters - Passenger Advisory

For the safety of all passengers and crew, certain items are prohibited from being carried on aircraft. Please review this information carefully before your flight.

PROHIBITED ITEMS

The following items are strictly prohibited in both carry-on and checked baggage:

Category	Examples
Explosives	Fireworks, flares, ammunition, blasting caps
Compressed Gases	Aerosols (non-toiletry), gas cylinders, fire extinguishers
Flammable Liquids	Petrol, lighter fluid, paints, solvents
Flammable Solids	Matches (strike-anywhere), magnesium, self-heating substances
Oxidizers	Bleach, pool chemicals, fertilizers
Toxic Substances	Pesticides, poisons, infectious substances
Radioactive Materials	Any radioactive substance or item
Corrosives	Car batteries, acids, alkalis, mercury
Magnetic Materials	Strong magnets that may affect aircraft instruments

LITHIUM BATTERIES

Lithium batteries present a fire risk if damaged, defective, or overheated. The following rules apply:

- Spare lithium batteries must be carried in carry-on baggage only
- Batteries must be protected from short circuit (original packaging or tape over terminals)
- Power banks are treated as spare batteries
- Devices containing lithium batteries should be switched off during flight

PASSENGER DECLARATION

By checking the acknowledgment box on the ticket form, you confirm that:

- You have read and understood this dangerous goods information
- Your baggage does not contain any prohibited items
- You have not accepted items from unknown persons
- You understand that carrying prohibited items is a criminal offense

If you have any questions about whether an item is permitted, please contact BAC Helicopters staff before your flight.
